† Balance transfers are subject to credit line availability. If the total requested to be transferred exceeds your available credit, we may process full and partial transfers beginning with the single largest transfer possible. Transferring balances may take 3 to 4 weeks and will not automatically close your other accounts. You should continue to make payments on those accounts, as needed, to keep them current. Transferring a balance subject to a billing dispute may cancel your dispute rights with that creditor. Interest will be charged on purchases and balance transfers after the 0% APR introductory period unless you pay your entire new balance (including transferred balances) in full each month by the payment due date. You may not transfer balances from other First Tennessee/Capital Bank/First Horizon accounts. Balance transfers on new accounts are processed no earlier than 10 calendar days after we mail your new credit card. You may withdraw your request by calling 1-800-382-5465 within that 10-day period.

How we will calculate your Balance: We use a method called “average daily balance (including new purchases, balance transfers, and cash advances.)”

Current Information: The information provided here is accurate as of **8/19** and is subject to change at any time without prior notice unless required by the Cardholder Agreement or applicable law. To receive the most recent information, please write to BankCard Center, P.O. Box 1545, Memphis, TN 38101-1545.

Prime Rate: APRs may increase or decrease for each new billing cycle based on changes in the U.S. Prime Rate published in *The Wall Street Journal* (“Prime”). An increase in your rates will increase your finance charges and may increase your minimum monthly payment. Your rates will not exceed the maximum we are allowed to charge under applicable law. Each APR will equal the sum of Prime plus the applicable margin (“Margin”). Prime Rate was **5.25%** as of **8/19**.

Margin: Margin means the percentage points added to the Prime Rate to calculate the APR. The margin for Purchases and Balance Transfers is selected by us from the range **9.75% to 14.75%** after our evaluation of information, including your application, credit report information, and ability to repay. The Margin for Cash Advances is **17.50%**.

Application of Payments: We will determine, at our discretion, the amount of and order in which minimum payments will be applied to Purchases, Balance Transfers, Cash Advances, Interest, Finance Charges, and other fees and charges. If your account has balances with different APRs, we will allocate your minimum payments to balances subject to lower APRs before balances subject to higher APRs. If you make more than the minimum payment, we will allocate amounts in excess of the minimum payment to balances subject to higher APRs before balances subject to lower APRs, even if, as required by applicable law, this allocation results in a loss of any Grace Period for which you may otherwise have been eligible. This payment allocation method applies to all higher APR balances, including transactions subject to higher APRs posted since your last statement.

Effects of Making Minimum Payments: If you make only the minimum payment each billing cycle, you will pay more in interest and it will take you longer to pay off your balance.

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.

* Introductory rate does not apply if you request to convert an existing account to a new account.

** Only a payment made by us, at your request, via the application, our customer service center, or our website, to transfer all or part of your balance with another creditor to your account with us will be considered and treated as a balance transfer under the Cardholder Agreement. Your use of a check is not considered a balance transfer under the Cardholder Agreement.
